

October 27, 2009

Thank you for sending your excellent clinical reimbursement nurse, Jill Thomas, to Golden Living Center – Garden Place in Attleboro, MA. When I arrived there to visit my husband, a long-term resident with advanced Parkinson's, I was very pleased to see the wonderful attention that was being given to his wheelchair by Jill as she equipped it with your state-of-the-art cushions. She and the physical therapist explained to me how my husband wouldn't slide down with this new equipment. That was last Thursday, and my family and I are very grateful that he now looks and feels more comfortable.

Sincerely,

A handwritten signature in cursive script that reads "Joan".
